Good Afternoon Henry,

I have reached out to the engineers for this projet and will get back with you as soon as they provide the requested drawings.

Thank you and please let me know if you have any other comments or questions.

Respectfully,

Marina, I reviewed the plans that were submitted to meet one of the special conditions for this project AUGF. The plans are for the control panels. I take it is for the plant upgrade to the chlorination system. We are still missing the engineer drawings and plans for the 8" line that is going to be installed and any other upgrades to the chlorination system. There is a condition for copies of all permits which is still to be cleared. If you have any questions do not hesitate to contact me.

Thanks,

Henry Hernandez, FCCM
