Hi Melody,

Yes – the contract with Kimley-Horn meets the requirements for this grant, and both procurements for Avon Park [RFQ 22-08 & RFQ 22-07] have been reviewed & approved. This means you are clear to begin your engineering work for both projects.

Thank you for your patience as we worked through these requirements,

April Cluess
Mitigation Grant Manager
Office of Long-Term Resiliency

Thank you April,

Does that mean Kimley Horn can begin the project?

Respectfully,

Melody Sauerhafer
Finance Director

Hi Melody,

Thank you for following up & my apologies for letting this fall off my radar. It looks like that language will suffice 😊
Please just make sure they are aware of what the applicable regulations & laws are for this project.

Appendix II to Part 200 can be found here: [eCFR :: Appendix II to Part 200, Title 2 -- Contract Provisions for Non-Federal Entity Contracts Under Federal Awards](#)

Thank you!

Good Afternoon April,

Any news on this contract?

Hi Melody,

Thank you for clarifying the dates for me on RFQ 22-08. Just so it is in writing and to clarify – you have a continuing contract with Kimley Horn for engineering services until October 2024, but for this project, it looks like they competitively bid on RFQ 22-08 anyway?

The only language I see in that contract related to laws is “Engineer shall assure that work performed under each Project Authorization shall be in accordance with all applicable governmental regulations” and “The validity, interpretation, construction, and effect of this Agreement shall be in accordance with and governed by the laws of the State of Florida.” which *may* suffice, but I will have to check about this. I’ll let you know 😊

Thank you!

April Cluess
